Executive Summary

As a Junior Software Developer, I possess a Diploma in Full Stack Software Development from the prestigious Code Institute. My skill set encompasses expertise in HTML, CSS, JavaScript, and Python. With two decades of experience in the dynamic realms of Restaurant and Hospitality, I have honed my abilities as a driven team player, adept at effective communication and creative problem-solving. Throughout my career, I have successfully led teams across various locations, showcasing my leadership skills.

My professional journey has equipped me with a diverse skill set, encompassing restaurant management, operations, and marketing, complemented by extensive experience in supply chain and project management. Eager to venture into the tech industry, I am seeking an opportunity to contribute my talents to an exciting development team, allowing me to foster personal growth while making a meaningful impact.
